Electric panel for fan start-up

Sectors

Applications Fix

COD:

QED000000000000

Direct-start and star-delta**industrial switchboard** for starting and protecting fan motors with 3F+T 400Vac 50/60Hz power supply.

Insight

SECUREAIR® electrical panels have been designed to comply with current European and international regulations for low voltage panels. Our electrical panels are manufactured for nominal powers up to 55kW and are supplied with:
- ELECTRICAL DIAGRAM
- TEST CERTIFICATE
- DECLARATION OF CONFORMITY

For code QED000000000001, the power rating must be specified when ordering.

Composition

- RAL7035 painted steel structure with IP65 external protection rating
- General door lock disconnect switch
- Motor protection
- Remote control switch
- Emergency mushroom button
- Colored start/stop buttons
- Power indicator light
- Fan operation indicator light
- Fan thermal indicator light

Available options

External pressure switch with alarm indicator light
Rotary valve up to 4 kW
Screw conveyor up to 4 kW
Economizer power supply
Programmer power supply with pressure alarm indicator light
Level switch with level alarm indicator light
Triboelectric probe
Extractor fan
Timed electric vibrator
Timed solenoid valve
Sluice valve
Ammeter + TA
Voltmeter + voltmeter switch
Hour meter
Flashing visual alarm
Remote control selector
Key selector for remote control
Audible alarm
Case with transparent door up to 400x600
ATEX barriers for 2-channel sensors
